16. Remote e-voting before/during the AGM:

1. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rule, 2014, as amended and Regulation 44 of SEBI Listing Regulations, as amended and MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has appointed Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means. The facility of casting votes by a Member using remote e-voting system as well as remote e-voting during the AGM will be provided by CDSL.
2. Members of the Company holding shares either in physical form or in electronic form as on the cut-off date of Saturday, September 18, 2021, may cast their vote by remote e-voting. A person who is not a Member as on the Cut-off date should treat this Notice for information purpose only. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting before as well as during the AGM. Any non-individual shareholders or shareholder holding securities in physical mode who acquires shares of the Company and becomes a Member of the Company after the dispatch of the Notice and holding shares as on the cut-off date i.e. Thursday, September 16, 2021, may obtain the User ID and Password by sending a request at helpdesk.evoting@cdslindia.com.

Individual shareholders holding securities in demat mode, who acquire shares of the Company and become a Member of the Company after dispatch of the Notice and holding shares as of the cut-off date i.e. Saturday, September 18, 2021 may follow the login process mentioned below in point 18.

3. The remote e-voting period commences on Wednesday, September 22, 2021, at 9.00 a.m. (IST) and ends on Friday, September 24, 2021, at 5.00 pm (IST). The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on resolution is cast by the Member, the Member shall not be allowed to change it subsequently. The voting rights of the Members (for voting through remote e-voting before/during the AGM) shall be proportion to their share of the paid-up equity share capital of the Company as on the cut-off Saturday, September 18, 2021.

4. The remote e-voting module during the AGM shall be disabled by CDSL for voting 15 minutes after the conclusion of the Meeting.

17. Mrs. Ragini Chokshi, Practicing Company Secretary (C.P. No. 1436) has been appointed by the Board of Director of the Company as Scrutiniser for providing facility to the Members of the Company to scrutinise the remote e-voting process as well as voting through Poll paper at the Meeting, in a fair and transparent manner.

The Scrutiniser shall, immediately after the conclusion of voting at the AGM, first count the votes cast at the Annual General Meeting, thereafter unblock the votes cast through e-voting in the presence of two witnesses not in the employment of the Company. Scrutinizer shall, submit within the time stipulated under the applicable laws, a consolidated scrutinizer's report of the total votes cast in favor or against, if any to the Chairman or a person authorized by him in writing who shall counter-sign the same. Thereafter, the Chairman or the person authorized by him in writing shall declare the results of the voting forthwith.

The Results declared along with the Scrutinizers Report shall be placed on the Company's website www.triochemproducts.com and on the website of CDSL immediately after the result is declared by the Chairman/Authorized person and the results will also be communicated to the Stock Exchange where the shares of the Company are listed.

18. THE INTRUCTIONS FOR SHAREHOLDRES FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The voting period begins on 22nd September 2021 at 09.00 a.m. and ends on 24th September 2021 at 05.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 18th September 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their

ORGANISATIONAL RESILIENCE & COMBATING COVID-19

In these difficult times of the Covid-19 pandemic, resilience for an organization is paramount. During the year, the Company focused on achieving its business goals hand-in-hand with improving cash from operations and cutting costs. Necessary efforts were made towards business continuity and resilience.

The Company has endeavored to expand in areas of digital technology and upskill its employees during the year. Efforts were made to support the work, workforce, and workplace experiences by an ecosystem of virtual resources, digital technology and behavior that has defined work as a thing we do, not place we go to, resulting in quality performance and output.

The office-based employees sustained the practice of remote working/working from home with the help of adequate digital and other assistance and those working from plants and other locations always ensured undertaking utmost care and precaution.

COMPANY'S PERFORMANCE

During the financial year 2020-21, revenue from operation decreased to Rs.1,393.84 lakhs as against Rs.2,003.18 lakhs in previous year. Cost of goods sold as a percentage to revenue from operation increase to 90.47% as against 67.95% in the previous year. Employee cost as a percentage to revenue from operations increase to 4.80% as against 4.11% in the previous year. Other expense as a percentage to revenue from operations increase to 8.08% as against 5.57% in the previous year. The loss after tax for the current year is Rs.44.70 lakhs against profit of 340.28 lakhs in the previous year. Increased in cost resulted in net loss in the current year.

The Company is taking all necessary measures in terms of mitigating the impact of the challenges being faced in the business. The Company is working towards being resilient in order to sail through the current situation. It is focused on controlling the fixed costs, maintaining liquidity and closely monitoring the supply chain to ensure that the manufacturing facilities operate smoothly.

BUSINESS OPERATIONS

During the year under review reduce business activity due to the on-going Covid-19 pandemic in India as well as its customers markets. The view taken was unavailability of persons in the target customer offices in their countries due to revised work culture i.e. work from home. The business being such that requires personal presentation & relationship building has taken a tremendous hit & is unlikely to see any possibility of revival with the addition of new customers in the immediate future due to uncertainties on account of the prevalent worldwide pandemic, even business from the company's regular customers is likely to shrink by 50% in the short term. Add to this the devastating effect the second wave of Covid-19 has had in India, leading to massive disruptions across supply of chain. Given this, we do not see significant improvement till overseas markets open completely. Till such time, the Company will complete pending orders and any new order received from regular customers. The Company will temporarily reduce activities till a clearer picture emerges.

The Company has considered the possible effects, if any that may impact the carrying amounts of inventories, receivables, goodwill, intangibles, and other assets. In making the assumptions and estimates relating to the uncertainties as at the balance sheet date in relation to recoverable amounts, the management has considered subsequent events, internal and external information and evaluated economic conditions prevailing as at end of financial year 31st March 2021.

The Company expects no impairment to the carrying amounts of these assets. The Management will continue too closely monitor any changes to future economic conditions and asses its impact on the operation.

The Company has sufficient liquidity to meet its financial obligations. There is no major impact on the collection from our customers and we are also making regular payments to our suppliers, employees, and other concerned persons. The liquidity position of the company is in comfortable zone.

The market is expected to stable during the end of FY2021-22, with the expectation of an improvement in the market conditions during the year, the Company will endeavor to perform better than last year.

As regards to infrastructure, Your Company's head office and factory are adequately equipped to provide complete support to the customer. Internal control systems have been well established and cost consciousness in factory operation will lead to improved profitability in the long run. Your Directors are confident that the company will improve the performance in the current year

OUTLOOK 2021-2022

Global Development and Their Effect: The economy came to standstill during 2020 due to the COVID-19 pandemic. The ensuing lockdowns impacted consumer sentiments which resulted in the contraction of the economy by 3.3% during the year. Several developed and emerging nations are witnessing the second and third wave of the virus and this has caused uncertainty in the near to medium term recovery. Most countries have launched nationwide vaccination initiatives to restrict the virus. This is anticipated to bring some relief to economic activity in 2021. The combination of gradual easing of lockdowns, mass vaccination drives, and accommodative monetary policies are anticipated to support the global economic recovery.

Indian Economy: The Indian economy was impacted during 2020-21 on account of internal and external factors. This was further aggravated due to the pandemic. During the second half of the year, the country experienced a V-shaped recovery post the gradual opening of the economy. There are still uncertainties in the overall recovery in the near term due to the second phase of the covid-19, however the situation is gradually improving. Furthermore, continued public investment, accelerated vaccine roll-out and surge in domestic demand is anticipated to support the growth forecast for the current year.

Effect on Manufacturing Sector: The manufacturing sector was drastically impacted by the pandemic. China, which is the manufacturing hub of the world, was severally impacted by the lockdowns. It brought the manufacturing facilities to a standstill, derailing the entire global supply chain. Mandatory closures,

changes in buyer behaviour, disruptions to the supply chain, amongst other factors, contributed to the overall risk that the manufacturing industry is facing. The industry felt most of the impact, causing unemployment, decreases in revenue, and notable delays in production.

Specialty Performance Chemicals and Solutions Manufacturing Industry: All the major sectors of the process manufacturing industry are faced supply chain disruptions during the pandemic. This has led to a majority of the companies adapting to the new norm and innovate to remain relevant. The need of the hour though, for them, is to: • Introduce worker safety measures, along with best hygiene & sanitization practices, at work; • Revisit their sourcing strategies, and line up alternate suppliers; • Rationalize their product ranges; • Evaluate supply chain agility, and make it more resilient; • Review their crisis or emergency response plans; • Optimize and streamline e-commerce and distribution networks

API is the largest segment of Indian Pharmaceutical Market. Depending on API type, the market is divided into biological API, synthetic chemical API and high potency active pharmaceutical ingredients (HPAPI). The biological API segment is further categorized into biotech and biosimilar. The synthetic chemical API segment is further divided into branded/innovative and generic/non-branded. The global API market is segmented based on synthesis, business type, therapeutic applications, and geography. Depending on synthesis, the market is classified into synthetic API, biotech API and HPAPI. The major factors driving the synthetic chemical API market are patent expiration of synthetic drugs (small molecule drugs), increasing number of small molecules in clinical trials, and increasing outsourcing by the pharmaceutical companies.

In case of Active Pharma Ingredients (API) industry, China's loss could be India's gain. The disruption of trade supplies during COVID-19 pandemic has brought spotlight on the excessive dependence on neighbouring countries for API and Key Starting Materials (KSMs). Meanwhile, India's border skirmishes with its neighbour have also added fuel to the fire.

The percentage of API imports from China has spiked from 1% in 1991 to 70% in 2019 and in recent past the actual market price of some of the APIs which are imported from China have gone up steeply. In context of the recent coronavirus outbreak, it has the potential of disrupting supplies of essential medicines, resulting in price volatility and ultimately leading to a situation where medicines are not available to patients. With up to two thirds of the total imports of bulk drugs or drug intermediaries being imported from China, any supply shock can literally put a halt on drug production in India and create huge shortages. As per the PwC report based on 68 critical APIs captured from 19 leading pharmaceutical companies, 50% of the critical APIs are being imported and almost all the imports are from China. Domestically produced APIs cover approximately 50% of the total quantity however, KSMs for most APIs are still sourced from China.

API accounts for almost 100% of the total imports and because of this API prices have been very volatile and prices going up by more than 100% in recent past. High dependence on a single source can have significant adverse impact in emergency-like situations.

Challenges galore: The Chinese API industry has an inherent advantage because of economies of scale and the support from its government in the form of financial incentives, infrastructure and regulatory policies. It has lower capex requirements due to large Special Economic Zones (10-15x the size of Indian SEZs). Apart from that lower borrowing costs of 5-7% in China versus 11-14% in India help the local industry thrive well. Other factors include lower logistics costs, 1% of total costs in China as against 3% for India besides lower conversion costs as labour and electricity costs in China are relatively cheaper.

Indian API manufacturers lost competitive edge to manufacture lower end of the spectrum for APIs and fermentation technology to countries like China, majorly on account of factors like stricter implementation of pollution control norms, leading to higher costs of manufacturing APIs in India and issues in interpretation of the laws. Over that there are issues such as financial incentives like lower tax, cheaper utilities, and land subsidy to lower capex requirements. Lack of large-scale mega parks to manufacture bulk drugs needs attention too.

Way forward: Given the fact that the domestic API industry has been struggling for a long time because of high dependence on China, it becomes even more prudent for the country to revive the domestic industry in the wake of an ongoing pandemic. To achieve that, the government has to review certain policies like stricter implementation of pollution control norms, implementation of the Drug Price Control Order (DPCO), 2013, lower import duties and address issues facing indigenous fermentation industry that have deeply affected the API industry.

Following API constraints due to the coronavirus, the Indian government has taken measures to bolster domestic capabilities. Earlier in March this year, the government had approved the Production Linked Incentive (PLI) scheme focusing on APIs and API Parks scheme to boost competitiveness of India's indigenous manufacturing. The scheme aims to reduce India's dependence on China for APIs to produce crucial antibiotics, anti-HIV drugs, vitamins and cardio medicines.

APIs, popularly known as bulk drugs, produced under the scheme will now also be allowed for exports apart from sales in the domestic market. A committee appointed by the Department of Pharmaceuticals (DoP) to chart a roadmap for an ambitious Rs.10,000 crores scheme to boost the production of raw materials for crucial drugs has readied an implementation plan. Rs.6,490 crore have been earmarked as incentives for companies making key starting materials for critical drugs and another Rs.3,000 crores has been reserved for creating bulk-drug parks in various states.

However, the industry faces the challenge of escalating costs if it tries to scale up the local production of APIs, KSMs and solvents. Escalating costs are a challenge to profitable production and the private sector might not be a wholesome game for it. It is important therefore that the Government helps finance or subsidize production for the next few years either through public laboratories or through public private partnerships.

In keeping with the feedback from the industry, the government has further tweaked the PLI scheme for bulk drugs to extend the incentives to exports of the products and ease other norms such as minimum investment threshold. The move is set to encourage more drugmakers to apply for the scheme and boost production of active APIs used in making medicines. *(Reference indianchemicalnews; India's API industry to strike gold during 2021; 50% of the critical APIs are being imported and almost all the imports are from China; By Rahul Koul | December 21, 2020)*

2. Objectives of the Policy

- 2.1. Securities and Exchange Board of India (hereinafter referred to as 'SEBI') has, by its Notification dated July 8, 2016, inserted Regulation 43A in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including any statutory modification(s) or re-enactment(s) thereof for the time being in force. (hereinafter referred to as 'the Listing Regulation')
- 2.2. Regulation 43A of the Listing Regulations requires the Company to formulate a Dividend Distribution Policy which shall be disclosed in the Annual Report and on the website of the Company.
- 2.3. In view of the above, the Company has framed this Dividend Distribution Policy (hereinafter referred to as 'the Policy') to determine the parameters on the basis of which the Company may or may not declare dividend.
- 2.4. The Policy seeks to balance the objectives of rewarding the shareholders through dividends and retaining capital to invest in the growth of the Company, while ensuring fairness, sustainability, and consistency in distributing profit to the shareholders.

3. Payment Frequency

The dividend shall, subject to the parameters hereinafter described, be payable annually and shall be declared at the Annual General Meeting of the Company, based on the recommendation of the Board of Directors of the Company (hereinafter referred to as 'the Board'). The Board may declare interim dividend during any financial year out of the surplus in the profit and loss account and out of profits of the financial year in which the interim dividend is sought to be declared. The Board may recommend special dividend in years of exceptional

4. Declaration of Dividend

It is the intention of the Board of Directors, subject to applicable laws, to pay dividend on the Company's outstanding Equity Shares. The Company does not have any class of shares other than Equity Shares.

5. Parameters for Distribution of Dividend

5.1. Your Company has a track record of steady dividend declaration and payment over its history. The Board considers the yearly dividend based on the Net Profit After Tax ('PAT') available for distribution. In addition, the Board reviews the capital expenditure needs, cash requirements for investments in capability enhancements and future non organic growth initiatives.

5.2. As in the past, subject to the provisions of the applicable law, the Company's dividend payout will be determined based on available financial resources, investment requirements and taking into account optimal shareholder return. Based on the above, the Company will endeavour to maintain the steady level of dividend per share over the medium term.

5.3. Circumstances under which the shareholders of the Company may or may not expect dividend:

The Shareholders may ordinarily expect dividend if the Company has made profits during the current year. Recommending dividend out of profits of previous financial years or out of retained earnings shall be at the discretion of the Board, subject to the compliance with the Companies (Declaration and Payment of Dividend) Rules, 2014, as amended from time to time. The Board may not recommend a dividend if:

5.3.1. Proposed expansion plans require higher allocation of capital; or

5.3.2. Significantly higher working capital requirements adversely impact free cash flow; or

5.3.3. The Company undertakes any acquisitions or investments including in joint ventures, new product launches, etc., requiring significant capital outflow; or

5.3.4. In case of proposal for buyback of shares; or

5.3.5. In the event of inadequacy of profits.

5.3.6. If the Board proposes not to distribute profit, the grounds thereof and information on utilisation of undistributed profit, if any, shall be disclosed to the shareholders in the Annual Report of the Company.

5.4. Financial Parameters for declaring dividend:

The Board shall consider the following financial parameters while declaring dividend:

5.4.1. the Company's Financial Results of operations and earnings.

5.4.2. working capital requirements for the operations and growth of the Company and its subsidiaries.

5.4.3. quantum of profits and liquidity position;

5.4.4. future fund requirements, including for brand building, business acquisitions, business expansion, modernisation of existing business;

5.4.5. level of debt;

5.4.6. providing for unforeseen events and contingencies;

5.4.7. any other financial factor as the Board may deem fit.

5.5. Internal and External Factors for declaring dividend:

The Board may consider the following internal and external factors while declaring dividend:

5.5.1. Internal Factors:

5.5.1.1. the level of dividends paid historically;

5.5.1.2. contractual restrictions and financing agreement covenants;

5.5.1.3. likelihood of crystallisation of contingent liabilities, if any.

5.5.2. External Factors:

5.5.2.1. general business conditions, risk and uncertainties;

5.5.2.2. industry outlook and business cycles for underlying businesses;

5.5.2.3. prevailing economic, competitive and regulatory environment;

5.5.2.4. tax law and the Company's taxpayer status;

5.5.2.5. capital market.

This is not intended to be an all-inclusive list, but rather a representative list of factors which may be considered while declaring dividend.

5.6. Manner in which the retained earnings shall be utilised:

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014]

A CONSERVATION OF ENERGY

a Energy conservation measures taken

The manufacturing units of the Company have continued their efforts to reduce the energy consumption. Specific energy consumption and absolute unit's consumption are tracked on a real time basis at individual factory / block level and consolidated at Supply Chain Level. This is being done with the help of Energy Management System at plant.

Some of the key measures taken in all the plants are as below:

- 1 Work done in improvement in shaft mechanics by installation of energy efficient screw compressor.
- 2 Conventional light replacement plan was implemented with LED Light in the area of flood light and plant with glass fitting.
- 3 Condensate recovery systems to reuse water for enhancement of boiler efficiency and reduce water consumption.
- 4 Presence sensors and motion sensors used in cabins
- 5 Pressure based pumping system used for utilities
- 6 Arresting air leakage and optimization of air pressure network
- 7 By controlling process parameters and changing process pipe line system.

b Utilising alternate sources of energy

- 1 Solar energy: Nil
- 2 Wind energy: Nil

c The capital investment on energy conservation equipment

Additional investments and proposals being implemented for Energy: Rs.2,37,000/-

The Company is engaged in the continuous review of energy costs, reduction in energy generation cost through improved operational and maintenance practices. We have been able to maintain the power factor near of unity and thereby availing the rebate on electricity charges

d Impact of above measures on consumption of energy

Impact of the above measure for the reduction of energy consumption and consequent impact on the cost of production of the goods; it is difficult to assess the definite impact of the measure as the total energy cost forms a small constituent of the overall production costs.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014]

B TECHNOLOGY ABSORPTION**a The efforts made by the Company towards technology absorption**

The focus of Research & Technology function continues to be in building technological self-reliance by promoting in house research, innovation and creativity to design, develop and upgrade its products pipeline continuously to support achieving short, medium and long-term business goals of the Company. The entire products portfolio is based on in-house technology developed by internal scientists without support from external partners in the form of technology, collaboration/licensing. The nature of activities carried out by Research & Technology functional the Company are as follows:

- 1 Upgradation of existing products with value added features to create product differentiation to retain market share.
- 2 Continuous value generation through formulation re-engineering, sourcing efficiency, process optimization, new raw material search, new manufacturing techniques, vendor collaboration to enhance profitability.
- 3 Support sustainability initiatives of the company by undertaking joint projects with plant to reduce cycle time, energy consumption, water consumption and waste generation.
- 4 Development of laboratory simulation techniques to support products validation under different geographical climate and usage practices.
- 5 Technical service and support related to customers for product scale up and standardization on customer lines.
- 6 Development of test methods for Plant QC that help speed up incoming raw material testing and approval.
- 7 Continues benchmarking of products against national/international competition.
- 8 Support technical capability building across organization through in-house seminars, technical training, etc.
- 9 Support in terms of technological due diligence to fulfil company's growth strategy through acquisition.

b The benefits derived like product improvement, cost reduction, product development or import substitution

- 1 Fresh water consumption reduced and ETP load minimized

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's Management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with Governance for the Financial Statements

The Company's management and the Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, the financial performance, the changes in equity and the cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the

company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

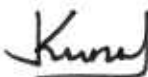

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Financial Statements have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Financial Statements.
- d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year.
- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements (Refer Note. 25(a) to the Ind AS Financial Statements).
 - The Company did not have any material foreseeable losses on long-term contracts including derivatives contracts.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2021.

ANNEXURE A TO THE AUDITOR'S REPORT

Referred to in paragraph 1 of 'Report on other Legal and Regulatory Requirements' in our Report of even date on the accounts of TRIOCHEM PRODUCTS LIMITED for the year ended March 31, 2021:

- i. (a) The Company is generally maintaining proper records showing full particulars including quantitative details and situation of fixed assets.
(b) The fixed assets were physically verified during the year by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and nature of its Assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the management during the year and discrepancies noticed between the book records and physical inventories were not material and have been properly dealt with in the accounts.
(c) According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of the immovable properties are held in the name of the company.
- ii. During the year inventories have been physically verified by the management. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on physical verification of inventories as compared to the book records have been properly dealt with in the books of accounts
- iii. As informed to us, the Company has not granted loans, secured or unsecured, to companies, firms, and limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Hence sub clauses (a) & (b) of clause 3(iii) of the Order are not applicable to the Company.
- iv. The company has not granted any loans, has not made any investments, has not provided any guarantees and security to directors or any other parties during the year. Accordingly, clause 3(iv) of the Order are not applicable to the Company.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under to the extent notified and therefore clause (v) of the Order is not applicable.
- vi. The Central Government has not prescribed the maintenance of cost records under sub-Section (1) of Section 148 of the Act, for any of the products of the Company. Therefore, clause 3(vi) of the Order is not applicable.
- vii. (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Duty of Custom, Duty of Excise, Cess, Goods & Services Tax and any other material statutory dues applicable to it. According to the information and explanations given to us, no undisputed arrears of statutory dues were outstanding as at March 31, 2021 for a period of more than six months from the date they became payable.

- (b) As informed to us, there were no disputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, GST, Custom Duty, Value Added Tax, Cess and any other material statutory dues in arrears, as at March 31, 2021; except the statutory dues aggregating to Rs.3.21 lakhs pending before the appropriate authorities as under-

Sr. no.	Name of the statute	Nature of dues	Forum where the dues is pending	Rs. In lakhs
1.	The Income Tax Act, 1961	Income Tax	Income Tax Appellate Tribunal (A.Y. 1993-1994)	3.21
			Total	3.21

- viii. According to the records of the Company examined by us and information and explanation given to us, the Company has not defaulted in repayment of dues to banks during the year. The Company has not taken any loan or borrowings from government, financial institutions and has not issued debentures during the year.
- ix. The Company has not raised any moneys by way of public issue/ further offer including debt instruments and through term loans during the year. Accordingly, clause 3(ix) is not applicable to the company.
- x. To the best of our knowledge and according to the information and explanation given to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. The Company has not paid or provided managerial remuneration during the year. Accordingly, clause 3(xi) is not applicable to the company.
- xii. In our opinion and according to the information and explanations given to us, the nature of the activities of the Company does not attract any special statute applicable to Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanation given to us, and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under audit. Accordingly, clause 3(xiv) is not applicable to the company.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its

directors or persons connected with him and hence provisions of Section 192 of the Act are not applicable. Accordingly, clause 3(xv) is not applicable to the company.

- xvi. According to the information and explanations given to us the Company is not required to obtain registration under Section 45 IA of the Reserve Bank of India Act, 1934 and therefore clause (xvi) of the Order is not applicable.

ANNEXURE B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **TRIOCHEM PRODUCTS LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2021

1 Company overview

Triochem Products Limited (the "Company") is an existing public limited company incorporated on 17/01/1972 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office at 4th Floor, Sambava Chamber, Sir P. M. Road, Fort, Mumbai - 400 001. It has been engaged primarily in the business of manufacturer and exporter of pharmaceuticals products, APIs and chemicals. The equity shares of the Company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (₹).

2 Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

A Basis of preparation of financial statement

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements were authorized for issue by the Company's Board of Directors on 29th June, 2021.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

B Use of estimates and judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

C Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

D Foreign currency translation

i Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

E Property, plant and equipment

i Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.

ii All other items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.

iii Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2021

- iv Cost of Capital Work in Progress ('CWIP') comprises amount paid towards acquisition of property, plant and equipment outstanding as of each balance sheet date and construction expenditures, other expenditures necessary for the purpose of preparing the CWIP for its intended use and borrowing cost incurred before the qualifying asset is ready for intended use. CWIP is not depreciated until such time as the relevant asset is completed and ready for its intended use.
- v Depreciation methods, estimated useful lives and residual value
 - (a) Fixed assets are stated at cost less accumulated depreciation.
 - (b) Depreciation is provided on a written down value method at the rates and manner as prescribed under Schedule II to the Companies Act, 2013. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed atleast at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.
- vi Tangible assets which are not ready for their intended use on reporting date are carried as capital work-in-progress.
- vii The residual values are not more than 5% of the original cost of the asset.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other expenses or other income as applicable.

F Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as Investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised. Investment properties (except freehold land) are depreciated using the Written down value method over their estimated useful lives at the rates prescribed under Schedule II of the Companies Act, 2013.

G Intangible assets

- i An intangible asset shall be recognised if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and (b) the cost of the asset can be measured reliably.
- ii Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The same is amortised over a period of 3 years on straight-line method.

H Borrowing Cost

- i Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.
- ii Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2021

I Income tax, deferred tax and dividend distribution tax

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

i Current income tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii Deferred tax

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

J Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue as under:

I Sales

(i) The Company recognizes revenue from sale of goods when:

(a) The significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, which coincides with the delivery of goods.

(b) The Company retains neither continuing managerial involvement to the degree usually associated with the ownership nor effective control over the goods sold.

(c) The amount of revenue can be reliably measured.

(d) It is probable that future economic benefits associated with the transaction will flow to the Company.

(e) The cost incurred or to be incurred in respect of the transaction can be measured reliably.

(f) The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Notes to the financial statements for the year ended March 31, 2021

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). There are no material impact on revenue recognition by applying this standard.

II Other income**(i) Interest income**

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(iii) Export benefits

Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

K Inventories valuation

- i Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- ii Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads.
- iii Scrap is valued at net realisable value.
- iv Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

L Impairment of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

M Fair Value Measurement

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) prices for identical assets or liabilities in active markets

Level 2: Significant inputs to the fair value measurement are directly or indirectly observable

Level 3: Significant inputs to the fair value measurement are unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

N Financial Instrument

a Recognition, classification and presentation

The financial instruments are recognised in the balance sheet when the company becomes a party to the contractual provisions of the instrument.

The Company determines the classification of its financial instruments at initial recognition.

The Company classifies its financial assets in the following categories: a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and b) those to be measured at amortized cost. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets and liabilities arising from different transactions are off-set against each other and the resultant net amount is presented in the balance sheet, if and only when, the Company currently has a legally enforceable right to set-off the related recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

b Measurement

(A) Initial measurement

At initial recognition, the Company measures financial instruments at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Otherwise transaction costs are expensed in the statement of profit and loss.

(B) Subsequent measurement - financial assets

The subsequent measurement of the financial assets depends on their classification as follows:

(i) Financial assets measured at amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost using the effective interest rate ('EIR') method (if the impact of discounting / any transaction costs is significant). Interest income from these financial assets is included in finance income.

(ii) Financial assets at fair value through other comprehensive income ('FVTOCI')

Equity investments which are not held for trading and for which the Company has elected to present the change in the fair value in other comprehensive income and debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payment of principal and interest, are measured at FVTOCI.

The changes in fair value are taken through OCI, except for the impairment, interest (basis EIR method), dividend and foreign exchange differences which are recognised in the statement of profit and loss.

When the financial asset is derecognized, the related accumulated fair value adjustments in OCI as at the date of derecognition are reclassified from equity and recognised in the statement of profit and loss. However, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss in case of equity instruments.

(iii) Financial assets at fair value through profit or loss ('FVTPL')

All equity instruments and financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. Interest (basis EIR method) and dividend income from FVTPL is recognised in the statement of profit and loss within finance income / finance costs separately from the other gains/losses arising from changes in the fair value.

Impairment

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and debt instrument carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition. If credit risk has not increased significantly, twelve month ECL is used to provide for impairment loss, otherwise lifetime ECL is used.

However, only in case of trade receivables, the company applies the simplified approach which requires expected lifetime losses to be recognized from initial recognition of the receivables.

(c) Subsequent measurement - financial liabilities

Other financial liabilities are initially recognised at fair value less any directly attributable transaction costs. They are subsequently measured at amortized cost using the EIR method (if the impact of discounting / any transaction costs is significant).

c De-recognition

The financial liabilities are de-recognised from the balance sheet when the under-lying obligations are extinguished, discharged, lapsed, cancelled, expires or legally released. The financial assets are de-recognised from the balance sheet when the rights to receive cash flows from the financial assets have expired, or have been transferred and the Company has transferred substantially all risks and rewards of ownership. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

O Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

P Investments

Equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income, except for those mutual fund for which the Company has elected to present the fair value changes in the Statement of Profit and Loss.

Q Trade receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for expected credit loss.

R Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

S Provisions, contingent liabilities and contingent assets**i Provisions:**

A provision is recognized, when company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made for the amount of obligation. The expense relating to the provision is presented in the profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2021

ii Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent liabilities, if material, are disclosed by way of notes and contingent assets, if any, are disclosed in the notes to financial statements.

iii Contingent Assets

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

T Earnings per share

i Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

U Lease Accounting

As a lessee, the Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet.

On transition, the Company has applied following practical expedients:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.
- Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- Excluded the initial direct costs from the measurement of the right-of-use-asset at the date of transition.
- Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

V Employee benefits

i Short-term obligations

Liabilities for wages, salaries and leave encashment including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii Post-employment obligations

The group operates the following post-employment schemes:

a Defined benefit gratuity plan:

Gratuity and Leave encashment which are defined benefits are accrued based on actuarial valuation working provided by Independent actuary. The Contribution is charged to profit and loss.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan. The defined benefit obligation is calculated annually as per the report on independent actuary. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

b Defined Contribution plan:

Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. The company has no further obligation to the plan beyond its contribution.

W Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

X Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

Y Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Rupees Lacs (up to two decimals), unless otherwise stated as per the requirement of Schedule III (Division II).

36 Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and price risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact thereof in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables and financial assets.	Credit ratings, Review of aging analysis, on quarterly basis.	Strict credit control and monitoring system, diversification of counterparties, on quarterly basis.
Liquidity Risk	Trade payables and other financial liabilities.	Maturity analysis, cash flow projections.	Maintaining sufficient cash / cash equivalents and marketable security and focus on realisation of receivables.
Market Risk - Foreign Exchange	Financial assets and liabilities not denominated in INR.	Foreign currency exposure review and sensitivity analysis.	The company partly hedged due to natural hedge and is exploring to hedge its unhedged positions.
Interest Risk	Long Term Borrowing at Variable Rates	Sensitivity Analysis	Interest rate swaps
Price Risk	Change in price of raw material	The company sourcing components from vendors directly, hence it does not hedge its exposure to commodity price risk.	The company is able to pass on substantial price hike if any to the customers.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2021

[Rs. in Lakhs]

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, price risk and foreign exchange risk effecting business operation. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

The company's credit risk mainly from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The company has provisioning policy for expected credit losses.

The maximum exposure to credit risk as at March 31, 2021 and March 31, 2020 is the carrying value of such trade receivables as shown in note 11 of the financials.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain.

The company's exposure to credit risk for trade receivables is as follows:

Particulars	Gross Carrying amount March 31, 2021	Gross Carrying amount March 31, 2020
1 - 180 days past due*	139.06	1,239.89
181 - 365 days past due	-	-
More than 365 days pas due#	-	-
Total	139.06	1,239.89

* The Company believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour.

The Company based upon past trends determine an impairment allowance for loss on receivables outstanding for more than 180 days

(B) Liquidity Risk

Liquidity risk represents the inability of the Company to meet its financial obligations within stipulated time. To mitigate this risk, the Company maintains sufficient liquidity by way of working capital limits from banks.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

Particulars	Less than 1 year	More than 1 year	Total
March 31, 2021			
Trade payables	32.44	-	32.44
Total	32.44	-	32.44
Particulars	Less than 1 year	More than 1 year	Total

Borrowings	250.30	-	250.30
Trade payables	74.01	-	74.01
Total	324.31	-	324.31

(C) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regard to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of the fixed rate and floating rate financial instruments in its total portfolio.

The exposure of company borrowings to interest rate changes at the end of reporting period are as follows:

Particulars	March 31, 2021	March 31, 2020
Variable rate borrowings	-	125.30
Fixed rate borrowings	-	125.00
Total borrowings	-	250.30

(D) Foreign Currency risk disclosure

A. Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities.

Exposure to foreign currency risk:

The summary of quantitative data about the Company's exposure to currency risk, as expressed in Indian Rupees, as at 31st March, 2021 and 31st March, 2020 are as below:

Particulars	Currency	March 31, 2021	March 31, 2020
Financial assets			
Trade receivables	USD	-	791.17
Total Financial assets		-	-

Exchange rate rate sensitivity analysis:

A reasonably possible strengthening (weakening) of the Indian Rupee against below currencies at 31st March, 2021 and 31st March, 2020 would have affected the measurement of financial instruments denominated in foreign currency and affected Statement of Profit and Loss by the amounts shown below. This analysis is performed on foreign currency denominated monetary financial assets and financial liabilities outstanding as at the year end. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

XXI	Narrations
	1) Analysis of defined benefit obligation The number of members under the scheme have remained same. The total salary has increased by 20.09% during the accounting period. The resultant liability at the end of the period over the beginning of the period has increased by 52.41%.
	2) Expected rate of return basis EROA is the discount rate as at previous valuation date as per the accounting standard.
	3) Description of the Plan Assets and Reimbursement Conditions 100% of the Plan Assets is entrusted to The Trustees of the Scheme under their Group Gratuity Scheme. The reimbursement is subject to insurer's Surrender Policy.
	4) Investment / Interest Risk The Company is exposed to Investment / Interest risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.
	5) Longevity Risk The Company is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.
	6) Risk of Salary Increase The Company is exposed to higher liability if the future salaries rise more than assumption of salary escalation.
	7) Discount Rate The discount rate has decreased from 6.80% to 6.32% and hence there is a increase in liability leading to actuarial loss due to change in discount rate.

39 Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for leases.

The Company has adopted Ind AS 116, effective annual reporting period beginning from 1 April 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the Standard, recognised on the date of initial application (1 April 2019). Accordingly, the Company has not restated comparative information, instead, the cumulative effect of initially applying this standard has been recognised as an adjustment to the opening balance of retained earnings as on 1 April 2019.

The company has identified that there were no leases which are in the nature of Right-to-use and hence no lease liability is recognised in the financial statements.

40 Disclosure relating to provisions - The movement in the following provisions is summarised as under :

Note No. **	Provision Related to	Opening Balance	Additions	Utilisation	Reversal	Closing Balance
1.	Incentive to Employees	5.65	-	-	5.65	-
2.	Covid-19 Incentive to Employees	14.72	-	-	-	14.72
	Total	20.37	-	-	5.65	14.72

**** Note:**

The Company gives long terms service award to its employee based on the period survived by them and performance of the company.

41 Balances of Trade Receivables, Trade Payables and Loans and Advances are subject to confirmation and consequential adjustment, if any.

42 Capital Management

(i) Risk Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio and is measured by net debt divided by Equity. The Company's Debt is defined as long-term and short-term borrowings including current maturities of long term borrowings and total equity (as shown in balance sheet) includes issued capital and all other reserves.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2021

[Rs. in Lakhs]

(ii) Gearing Ratio

The gearing ratio at end of the reporting period was as follows.

Particulars	March 31, 2021	March 31, 2020
Borrowing	-	250.30
Less: Cash and Cash Equivalents	819.72	55.31
Net Debt	(819.72)	194.99
Total Equity	1,171.19	1,217.64
Total Equity and Net Debt	351.47	1,412.63
Gearing ratio	-	13.80%

43 Segment Reporting

The Company is engaged primarily in the business of manufacturing and export of pharmaceuticals products, APIs and chemicals. All other activities of the company revolve around the main business and hence there is no reportable primary segment. Also the Company does not have any reportable geographical segment. Hence, disclosures pursuant to the Indian Accounting Standard 108 "Operating Segment" are not applicable.

44 Fair Value measurement

The management assessed that Cash and Cash equivalents, loans, other balances with Banks, trade receivables, trade payables and other current liabilities/assets approximate their carrying amounts largely due to the short-term maturities of these instruments.

45 COVID-19 Impact

The Company's operations for the financial year have been impacted by the lockdown imposed to contain the spread of Covid-19. The Management of the Company has assessed the impact of the pandemic on its financial statements/ position such as trade receivables, investments, inventories, trade payables and based on its best judgement and reasonable estimate, has concluded that there are no material adjustments required in the Financial Statements. However the impact assessment of Covid-19 is a continuous process, given the uncertainties associated with its duration and nature, it is not possible to estimate the future impact as at the date of approval of this financial statement. The Company continues to monitor the economic effects of the pandemic while taking steps to improve its execution efficiencies and the financial outcome.

46 The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

47 The previous year figures have been regrouped/reclassified, wherever necessary to conform to the current presentation as per the schedule III of Companies Act, 2013.

3. For detailed instruction on e-voting, please refer to the notes appended to the Notice of the AGM.
4. The Scrutinizer will collate the votes downloaded from the e-voting system and votes received through post to declare the final result for each of the Resolution forming part of the Notice of the AGM.

Process and manner for Member opting to vote by using the Ballot Form

1. Please complete and sign the Ballot Form (no other form or photocopy thereof is permitted) and send it so as to reach the Scrutinizer appointed by the Board of Directors of the Company, Mrs. Rigini Chokshi, Practicing Company Secretary (Membership No.: FCS1436) at the office of Company's Registrar & Transfer Agent.
2. The Form should be signed by the Member as per the Specimen signature registered with the Company/Depositories. In case of joint holding, the Form should be completed and signed by the first named Member and in his/her absence, by the next named joint holder. A power of Attorney (POA) holder may vote on behalf of a member, mentioning the registration number of the POA registered with the Company or enclosing an attested copy of the POA. Exercise of vote by Ballots not permitted through proxy.
3. In case the shares are held by companies, trusts, societies, etc. the duly completed Ballot Form should be accompanied by a certified true copy of the relevant Board Resolution/Authorization.
4. Votes should be cast in case of each resolution, either in favor or against by putting the tick (Y) marks in the column provided in the Ballot.
5. The voting rights of shareholders shall be in proportion of the share held by them in the paid-up equity share capital of the company as on 18th September 2021 and as per the Register of Members of the Company.
6. Duly completed Ballot Form should reach the Scrutinizer not later than Friday, September 24, 2021 (05.00 p.m. IST). Ballot Form received after September 24, 2021 will be strictly treated as if the reply from the Members has not been received.
7. A Member may request for a duplicate Ballot Form, if so required. However, duly filled in and signed duplicate Form should reach the Scrutinizer not later than the date and time specified in serial no. 6 above.
8. Unsigned, incomplete, improperly, or incorrectly tick marked Ballot Forms will be rejected. A Form will also be rejected if it is received torn, defaced or mutilated to an extent which makes it difficult for the Scrutinizer to identify either the Member or as to whether the votes are in favor or against or if the signature cannot be verified.
9. The decision of the Scrutinizer on the validity of the Ballot Form and any other related matter shall be final.
10. The Results on above resolutions shall be declared not later than 48 hours from the conclusion of the AGM of the Company and the resolutions will be deemed to be passed on the AGM date subject to receipt of the requisite number of votes in favor of the Resolutions.
11. The Results declared along with the Scrutinizer's Report(s) will be available on the website of the Company (www.triochemproducts.com) and on Service Provider's website (www.cdslindia.com) and communication of the same to the BSE Limited within 48 hours from the conclusion of the AGM.
