may be amended, and MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the 52nd AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited ('CDSL') for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting system on the date of the 52nd AGM will be provided by CDSL.

- b) Members of the Company holding shares either in physical form or in electronic form as on the cut-off date of Wednesday, August 14, 2024, may cast their vote by remote e-voting. A person who is not a member as on the Cut-off date should treat this Notice for information purposes only. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail of the facility of remote e-voting before as well as during the AGM. Any non-individual shareholders or shareholder holding securities in physical mode who acquires shares of the Company and becomes a Member of the Company after the dispatch of the Notice and holding shares as on the cut-off date i.e. Wednesday, August 14, 2024, may obtain the User ID and Password by sending a request at helpdesk.evoting@cdslindia.com.

Individual shareholders holding securities in demat mode, who acquire shares of the Company and become a Member of the Company after dispatch of the Notice and holding shares as of the cut-off date i.e. Wednesday, August 14, 2024, may follow the login process mentioned below in point 18.

- c) The remote e-voting period commences on Monday, August 19, 2024, at 9.00 a.m. (IST) and ends on Wednesday, August 21, 2024, at 5.00 pm (IST). The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on resolution is cast by the Member, the Member shall not be allowed to change it subsequently.

The voting rights of the Members (for voting through remote e-voting before/during the AGM) shall be proportion to their share of the paid-up equity share capital of the Company as on the cut-off Wednesday, August 14, 2024.

- d) The remote e-voting module during the AGM shall be disabled by CDSL for voting 15 minutes after the conclusion of the Meeting.

17. Mrs. Ragini Chokshi, Practicing Company Secretary (C.P. No. 1436) has been appointed by the Board of Director of the Company as Scrutiniser for providing facility to the Members of the Company to scrutinise the remote e-voting process as well as voting through Poll paper at the Meeting, in a fair and transparent manner.

The Scrutiniser shall, immediately after the conclusion of e-voting at the AGM, first count the votes cast at the Annual General Meeting, thereafter, unblock the votes cast through e-voting in the presence of two witnesses not in the employment of the Company. Scrutinizer shall, submit within the time stipulated under the applicable laws, a consolidated scrutinizer's report of the total votes cast in favor or against, if any to the Chairman or a person authorized by him in writing who shall counter-sign the same. Thereafter, the Chairman or the person authorized by him in writing shall declare the results of the voting forthwith.

The Results declared along with the Scrutinizers Report shall be placed on the Company's website www.triochemproducts.com under the section 'Investor Relations' tab 'Financial Information: Annual General Meeting / Report / Return' and on the website of CDSL immediately after the result is declared by the Chairman/Authorized person and the results will also be communicated to the Stock Exchange where the shares of the Company are listed.

18. THE INTRUCTIONS FOR SHAREHOLDRES FOR REMOTE E-VOTING ARE AS UNDER:

- a) The remote remote e-voting period begins on 19th August 2024 at 09.00 a.m. and ends on 21st August 2024 at 05.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 14th August 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- b) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- c) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

3. MANAGEMENT DISCUSSION AND ANALYSIS

a) Industry Structure and Development

(1) Global Pharma Industry Review

The world pharmaceutical industry is one of the top performing industries globally. New medications are constantly being developed, approved and marketed, resulting in significant market growth. Other market growth drivers include the aging population, as seniors use more medicines per capita and there is a rise in the prevalence and treatment of chronic diseases. The revenue in this sector is anticipated to exhibit an annual growth rate (CAGR 2024-2028) of 6.19%, resulting in a market volume of US\$1,470.00bn by 2028.

<https://www.statista.com/outlook/hmo/pharmaceuticals/worldwide>

(2) Indian Pharma Industry Review

The Indian pharmaceutical industry ranks third globally in pharmaceutical production by volume and is known for its generic medicines and low-cost vaccines. India is one of the biggest suppliers of low-cost vaccines in the world. Major segments of Indian Pharmaceutical Industry include generic drugs, OTC medicines, bulk drugs, vaccines, contract research & manufacturing, biosimilars and biologics. Because of the low price and high quality, Indian medicines are preferred worldwide, making it "pharmacy of the world".

The pharmaceutical industry in India is currently valued at \$50 Bn. India is a major exporter of Pharmaceuticals, with over 200+ countries served by Indian pharma exports. India supplies over 50% of Africa's requirement for generics, ~40% of generic demand in the US and ~25% of all medicine in the UK. India also accounts for ~60% of global vaccine demand, and is a leading supplier of DPT, BCG and Measles vaccines. 70% of WHO's vaccines (as per the essential Immunization schedule) are sourced from India.

<https://www.investindia.gov.in/sector/pharmaceuticals>

The Indian pharmaceutical industry is projected to grow at a CAGR of over 10% to reach a size of US\$ 130 billion by 2030.

<https://www.ibef.org/industry/pharmaceutical-india>

(3) Key Trends in the Pharma Industry

Changing Government and Regulatory Landscape: Tightening of policy and faster regulatory approvals are increasing competition, requiring companies to be right 'first time'. With increased vigilance from regulators, a focus on quality assurance and control has become even more critical.

Shifting Industry Dynamics: shift from "Make in India" to "Develop in India", increased globalization, a focus on value addition versus pricing, and change from a competitive to collaborative mind-set

Emergence of New Go-to-Market Models: managing multiple channels and consumers is becoming increasingly critical. The rising role of pharmacists vs. physicians, and patient empowerment are drivers.

Digital: Backbone of Transformation- To remain competitive, companies need to demonstrate agility in responding to the changing relationship dynamics triggered by new digital players and invest in data and analytics capabilities.

(4) Active Pharmaceutical Ingredient

The Active Pharmaceutical Ingredient (API) is the vital, biologically active compound in pharmaceutical products driving therapeutic effects. Whether chemically synthesized or sourced from nature, APIs play a pivotal role globally in the pharmaceutical supply chain, serving as the foundation for drug development and manufacturing. As the pharmaceutical industry evolves towards cutting-edge therapeutics and innovative delivery systems, the demand for sophisticated APIs is likely to increase.

(5) Global API Market

The global active pharmaceutical ingredients market size was estimated at USD 237.47 billion in 2023 and is expected to grow at a compound annual growth rate (CAGR) of 5.75% from 2024 to 2030. Advancements in Active Pharmaceutical Ingredient (API) manufacturing, growth of the biopharmaceutical sector, and an increase in geriatric population are among the key drivers of API market. An increase in prevalence of chronic diseases, such as cardiovascular diseases and cancer, is anticipated to boost market growth.

<https://www.grandviewresearch.com/industry-analysis/active-pharmaceutical-ingredients-market>

Favourable government policies for API production, along with changes in geopolitical situations, are boosting market growth. The API market is undergoing immense changes due to supply chain disruption by COVID-19. Countries such as India are being preferred over China for the export of API owing to geopolitical situations and the demand to reduce dependence on China for API products. Furthermore, governments of many countries have formulated plans and granted incentives to promote the production of API.

(6) Indian API Market

The India active pharmaceutical ingredients market size was estimated at USD 18.29 billion in 2023 and is expected to grow at a CAGR of 7.7% from 2024 to 2030.

<https://www.grandviewresearch.com/industry-analysis/india-active-pharmaceutical-ingredients-market-report>

The key factors boosting the growth of the active pharmaceutical ingredients market are the rising drug research, rapid technological advancements and development activities for drug manufacturing, the increasing importance of generics, and the increasing uptake of biopharmaceuticals. However, the unfavourable drug price control policies across various nations and high manufacturing costs are expected to hinder the market's growth.

(7) Business Overview

Triochem Products Limited has been manufacturing and providing Active Pharmaceutical Ingredients (API) since its inception in 1972. The Company has temporarily reduced activity after the Covid-19 pandemic till a clearer picture emerges.

The Company is headquartered in Mumbai, and it has its manufacturing facility at Ambernath in Maharashtra. The facility has all the required certifications from Indian authorities.

b) Opportunities, Threats, Outlook, Risks and Concerns

(1) Opportunities

The Indian pharmaceutical industry ranks third globally in pharmaceutical production by volume and is known for its generic medicines and low-cost vaccines. India is one of the biggest suppliers of low-cost vaccines in the world. The company is well placed to grow as the demand for the product grows with the fact that this product is the fundamental product.

(2) Threats & Concerns

There is significant competition from other Active Pharmaceutical Ingredients (API) manufacturers both within India and foreign, however the markets and volumes are quite large. Further, the government's actions towards price controls on pharmaceutical products might affect the price of the products in the coming times. The ongoing geopolitical crises have led to supply chain disruptions and rising cost of raw materials. Your company is also prone to these near-term risks.

The pandemic's impact on the API market. The API market encountered significant challenges during the recent global health crisis. Disruptions in worldwide supply chains and logistical hurdles, including transportation restrictions and delays, impeded the timely acquisition of raw materials and the distribution of finished forms. Moreover, stringent regulatory measures and

increased scrutiny of the pharmaceutical supply chain introduced complexities, resulting in delays in production and approval processes. These collective challenges not only impacted production capacity but also highlighted the need for resilience and adaptability in the API market, but there are vulnerabilities due to the regional dominance and lack of global spread.

(3) Strengths

The company with existing registrations and regulatory approvals has an established customer base in India and in various foreign countries that will enable it to further enhance their growth.

(4) Outlook

The rise in the aging population is one of the major drivers of the pharmaceutical API manufacturing market. As the aging population increases, the demand for pharmaceutical drugs also increases. API acts as a specialty drug in these medicines to cure a particular disease. For instance, in October 2022, according to an article shared by WHO, a Switzerland-based specialized agency of the United Nations responsible for international public health, 80% of senior citizens will reside in low and middle-income nations by 2050.

The rise in chronic conditions is expected to propel the pharmaceutical API manufacturing market going forward. Chronic conditions, also known as chronic diseases, refer to long-term health conditions that last for extended periods, often for a person's entire life, and typically cannot be cured completely. The quality, effectiveness, and safety of the medication depend largely on the API used. Pharmaceutical API manufacturing helps to produce essential medications for managing chronic diseases. Or instance, in 2023, according to the National Library of Medicine, a US-based government medical library, by 2035, nearly 36% of US adults aged 50 and older are projected to have at least one chronic condition, with this number anticipated to rise to almost 48% by 2050. Therefore, the rise in chronic conditions is driving the pharmaceutical API manufacturing market.

The outlook is positive for the company considering its product mix, market conditions and the expected increase in the demand of product. The focus is to operate with the highest Environment, Health and Safety standards, while improving efficiencies, unit costs and ensuring business continuity.

c) Internal Control Systems and Their Adequacy

2. Objectives of the Policy

- 2.1. Securities and Exchange Board of India (hereinafter referred to as 'SEBI') has, by its Notification dated July 8, 2016, inserted Regulation 43A in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including any statutory modification(s) or re-enactment(s) thereof for the time being in force. (hereinafter referred to as 'the Listing Regulation')
- 2.2. Regulation 43A of the Listing Regulations requires the Company to formulate a Dividend Distribution Policy which shall be disclosed in the Annual Report and on the website of the Company.
- 2.3. In view of the above, the Company has framed this Dividend Distribution Policy (hereinafter referred to as 'the Policy') to determine the parameters on the basis of which the Company may or may not declare dividend.
- 2.4. The Policy seeks to balance the objectives of rewarding the shareholders through dividends and retaining capital to invest in the growth of the Company, while ensuring fairness, sustainability, and consistency in distributing profit to the shareholders.

3. Payment Frequency

The dividend shall, subject to the parameters hereinafter described, be payable annually and shall be declared at the Annual General Meeting of the Company, based on the recommendation of the Board of Directors of the Company (hereinafter referred to as 'the Board'). The Board may declare interim dividend during any financial year out of the surplus in the profit and loss account and out of profits of the financial year in which the interim dividend is sought to be declared. The Board may recommend special dividend in years of exceptional

4. Declaration of Dividend

It is the intention of the Board of Directors, subject to applicable laws, to pay dividend on the Company's outstanding Equity Shares. The Company does not have any class of shares other than Equity Shares.

5. Parameters for Distribution of Dividend

5.1. Your Company has a track record of steady dividend declaration and payment over its history. The Board considers the yearly dividend based on the Net Profit After Tax ('PAT') available for distribution. In addition, the Board reviews the capital expenditure needs, cash requirements for investments in capability enhancements and future nonorganic growth initiatives.

5.2. As in the past, subject to the provisions of the applicable law, the Company's dividend payout will be determined based on available financial resources, investment requirements and taking into account optimal shareholder return. Based on the above, the Company will endeavour to maintain the steady level of dividend per share over the medium term.

5.3. Circumstances under which the shareholders of the Company may or may not expect dividend:

The Shareholders may ordinarily expect dividend if the Company has made profits during the current year. Recommending dividend out of profits of previous financial years or out of retained earnings shall be at the discretion of the Board, subject to the compliance with the Companies (Declaration and Payment of Dividend) Rules, 2014, as amended from time to time. The Board may not recommend a dividend if:

- 5.3.1. Proposed expansion plans require higher allocation of capital; or
- 5.3.2. Significantly higher working capital requirements adversely impact free cash flow; or
- 5.3.3. The Company undertakes any acquisitions or investments including in joint ventures, new product launches, etc., requiring significant capital outflow; or
- 5.3.4. In case of proposal for buyback of shares; or
- 5.3.5. In the event of inadequacy of profits.
- 5.3.6. If the Board proposes not to distribute profit, the grounds thereof and information on utilisation of undistributed profit, if any, shall be disclosed to the shareholders in the Annual Report of the Company.

5.4. Financial Parameters for declaring dividend:

The Board shall consider the following financial parameters while declaring dividend:

- 5.4.1. the Company's Financial Results of operations and earnings.
- 5.4.2. working capital requirements for the operations and growth of the Company and its subsidiaries.
- 5.4.3. quantum of profits and liquidity position;
- 5.4.4. future fund requirements, including for brand building, business acquisitions, business expansion, modernisation of existing business;
- 5.4.5. level of debt;
- 5.4.6. providing for unforeseen events and contingencies;
- 5.4.7. any other financial factor as the Board may deem fit.

5.5. Internal and External Factors for declaring dividend:

The Board may consider the following internal and external factors while declaring dividend:

5.5.1. Internal Factors:

- 5.5.1.1. the level of dividends paid historically;
- 5.5.1.2. contractual restrictions and financing agreement covenants;
- 5.5.1.3. likelihood of crystallisation of contingent liabilities, if any.

5.5.2. External Factors:

- 5.5.2.1. general business conditions, risk and uncertainties;
- 5.5.2.2. industry outlook and business cycles for underlying businesses;
- 5.5.2.3. prevailing economic, competitive and regulatory environment;
- 5.5.2.4. tax law and the Company's taxpayer status;
- 5.5.2.5. capital market.

This is not intended to be an all-inclusive list, but rather a representative list of factors which may be considered while declaring dividend.

5.6. Manner in which the retained earnings shall be utilised:

Retained earnings are the sum of the Company's profits after dividend payments, since the Company's inception. The retained earnings of the Company will be utilised in one or more of the following manner:

- 5.6.1. for expansion and growth of business;
- 5.6.2. for contributing towards the fixed as well as working capital needs of the Company;

INDEPENDENT AUDITORS' REPORT

To the Members of TRIOCHEM PRODUCTS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of **TRIOCHEM PRODUCTS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash flows for the year then ended, and notes to the Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view, in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its net loss including other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's Management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with Governance for the Financial Statements

The Company's management and the Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, the financial performance, the changes in equity and the cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Financial Statements have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Financial Statements.
 - d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.

- e) On the basis of the written representations received from the directors as on March 31, 2024 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, the company has not paid any remuneration to the directors and thus provisions of Section 197 are not applicable to the company.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements (Refer Note. 21(a) to the Ind As Financial Statements).
 - ii. The Company did not have any material foreseeable losses on long-term contracts including derivatives contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company during the year ended March 31, 2024.
 - iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - b. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe

that the representations under subclause (d) (i) and (d) (ii) contain any material mis-statement.

v. The company has not paid any dividend during the year.

vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, we did not come across any instance of the audit trail feature being tampered with.

- ii. (a) During the year, the inventories have been physically verified by the management. In our opinion, the frequency of verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on physical verification of inventories and the book records that were 10% or more in the aggregate for each class of inventory.

(b) According to information and explanations given to us and on the basis of our examination of the records of the Company, there is no working capital availed by the company. Accordingly, clause 3(ii)(b) of the Order is not applicable.
- iii. According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Hence sub clauses (a) to (f) of clause 3(iii) are not applicable to the Company.
- iv. According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 of the Companies Act, 2013 and the Company has not given any loans or provided any guarantee or security as specified under Section 186 of the Companies Act, 2013. Further, the company has complied with provisions of Section 186 of the Companies Act, 2013 in respect of investments made during the year.

- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under to the extent notified and therefore clause 3(v) is not applicable.
- vi. The Central Government has not prescribed maintenance of cost records for the company under sub Section (1) of Section 148 of the Companies Act, 2013 for any of the products of the Company. Therefore, clause 3(vi) of the Order is not applicable.
- vii. (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Customs Duty, Cess, Goods & Service Tax and any other material statutory dues applicable to it and there were no arrears as at March 31, 2024 for a period of more than six months from the date they became payable.
- (b) According to the records of the Company, there are no dues of GST, Income Tax, Sales Tax and Excise Duty which have not been deposited on account of any dispute except disclosed below

The disputed amount that have not been deposited in respect of Income Tax is as under:

Sr. No.	Name of the Statute	Nature of the dues	Forum where the dues is pending	Rs. In Lakhs
1.	Income tax Act, 1961	Income tax	Income Tax Appellate Tribunal (A.Y. 1993-1994)	3.21
			Total	3.21

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in tax assessments under the Income tax Act, 1961 as income during the year.
- ix. (a) According to the records of the Company examined by us and information and explanation given to us, the company has not taken any loan or borrowing from banks, government, financial institution and has not issued debentures during the year.

ANNEXURE B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **TRIOCHEM PRODUCTS LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of

records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2024

1 Company overview

Triochem Products Limited (the "Company") is an existing public limited company incorporated on 17/01/1972 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office at 4th Floor, Sambava Chamber, Sir P. M. Road, Fort, Mumbai - 400 001. It has been engaged primarily in the business of manufacturer and exporter of pharmaceuticals products, APIs and chemicals. The equity shares of the Company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (₹).

2 Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

A Basis of preparation of financial statement

The financial statements Complies in all material aspects with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements were authorized for issue by the Company's Board of Directors on 28th May, 2024.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

B Use of estimates and judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

C Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

D Foreign currency translation

i Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

E Property, plant and equipment

i Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.

ii All other items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.

iii Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

iv Cost of Capital Work in Progress ('CWIP') comprises amount paid towards acquisition of property, plant and equipment outstanding as of each balance sheet date and construction expenditures, other expenditures necessary for the purpose of preparing the CWIP for its intended use and borrowing cost incurred before the qualifying asset is ready for intended use. CWIP is not depreciated until such time as the relevant asset is completed and ready for its intended use.

79

TRIOCHEM PRODUCTS LIMITED

* Notes to the financial statements for the year ended March 31, 2024

v Depreciation methods, estimated useful lives and residual value

(a) Fixed assets are stated at cost less accumulated depreciation.

(b) Depreciation is provided on a written down value method at the rates and manner as prescribed under Schedule II to the Companies Act, 2013. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed atleast at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

vi Tangible assets which are not ready for their intended use on reporting date are carried as capital work-in-progress.

vii The residual values are not more than 5% of the original cost of the asset.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other expenses or other income as applicable.

F Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised. Investment properties (except freehold land) are depreciated using the Written down value method over their estimated useful lives at the rates prescribed under Schedule II of the Companies Act, 2013.

G Intangible assets

i An intangible asset shall be recognised if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and (b) the cost of the asset can be measured reliably.

ii Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The same is amortised over a period of 3 years on straight-line method.

H Borrowing Cost

i Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

ii Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

I Income tax, deferred tax and dividend distribution tax

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

i Current income tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

TRIOCHEM PRODUCTS LIMITED

• Notes to the financial statements for the year ended March 31, 2024

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii Deferred tax

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

J Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue as

I Sales

(i) The Company recognizes revenue from sale of goods when:

- (a) The significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, which coincides with the delivery of goods.
- (b) The Company retains neither continuing managerial involvement to the degree usually associated with the ownership nor effective control over the goods sold.
- (c) The amount of revenue can be reliably measured.
- (d) It is probable that future economic benefits associated with the transaction will flow to the Company.
- (e) The cost incurred or to be incurred in respect of the transaction can be measured reliably.
- (f) The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). There are no material impact on revenue recognition by applying this

II Other income

(i) Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group and the amount of the dividend can be measured reliably.

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2024

(iii) Export benefits

Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

K Inventories valuation

- i Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- ii Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads.
- iii Scrap is valued at net realisable value.
- iv Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

L Impairment of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

M Fair Value Measurement

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) prices for identical assets or liabilities in active markets

Level 2: Significant inputs to the fair value measurement are directly or indirectly observable

Level 3: Significant inputs to the fair value measurement are unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

N Financial Instrument

a Recognition, classification and presentation

The financial instruments are recognised in the balance sheet when the company becomes a party to the contractual provisions of the instrument.

The Company determines the classification of its financial instruments at initial recognition.

82

TRIOCHEM PRODUCTS LIMITED

* Notes to the financial statements for the year ended March 31, 2024

The Company classifies its financial assets in the following categories: a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and b) those to be measured at amortized cost. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets and liabilities arising from different transactions are off-set against each other and the resultant net amount is presented in the balance sheet, if and only when, the Company currently has a legally enforceable right to set-off the related recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

b Measurement

(A) Initial measurement

At initial recognition, the Company measures financial instruments at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Otherwise transaction costs are expensed in the statement of profit and loss.

(B) Subsequent measurement - financial assets

The subsequent measurement of the financial assets depends on their classification as follows:

(i) Financial assets measured at amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost using the effective interest rate ("EIR") method (if the impact of discounting / any transaction costs is significant). Interest income from these financial assets is included in finance income.

(ii) Financial assets at fair value through other comprehensive income ('FVTOCI')

Equity investments which are not held for trading and for which the Company has elected to present the change in the fair value in other comprehensive income and debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payment of principal and interest, are measured at FVTOCI.

The changes in fair value are taken through OCI, except for the impairment, interest (basis EIR method), dividend and foreign exchange differences which are recognised in the statement of profit and loss.

When the financial asset is derecognized, the related accumulated fair value adjustments in OCI as at the date of derecognition are reclassified from equity and recognised in the statement of profit and loss. However, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss in case of equity instruments.

(iii) Financial assets at fair value through profit or loss ('FVTPL')

All equity instruments and financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. Interest (basis EIR method) and dividend income from FVTPL is recognised in the statement of profit and loss within finance income / finance costs separately from the other gains/losses arising from changes in the fair value.

Impairment

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and debt instrument carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition. If credit risk has not increased significantly, twelve month ECL is used to provide for impairment loss, otherwise lifetime ECL is used.

However, only in case of trade receivables, the company applies the simplified approach which requires expected lifetime losses to be recognized from initial recognition of the receivables.

(c) Subsequent measurement - financial liabilities

Other financial liabilities are initially recognised at fair value less any directly attributable transaction costs. They are subsequently measured at amortized cost using the EIR method (if the impact of discounting / any transaction costs is significant).

c De-recognition

The financial liabilities are de-recognised from the balance sheet when the under-lying obligations are extinguished, discharged, lapsed, cancelled, expires or legally released. The financial assets are de-recognised from the balance sheet when the rights to receive cash flows from the financial assets have expired, or have been transferred and the Company has transferred substantially all risks and rewards of ownership. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

O Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

83

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2024

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

P Investments

Equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income, except for those mutual fund for which the Company has elected to present the fair value changes in the Statement of Profit and Loss.

Q Trade receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for expected credit loss.

R Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

S Provisions, contingent liabilities and contingent assets

i Provisions:

A provision is recognized, when company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made for the amount of obligation. The expense relating to the provision is presented in the profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent liabilities, if material, are disclosed by way of notes and contingent assets, if any, are disclosed in the notes to financial statements.

iii Contingent Assets

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

T Earnings per share

i Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

U Lease Accounting

As a lessee, the Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet.

On transition, the Company has applied following practical expedients:

- i Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.

84

TRIOCHEM PRODUCTS LIMITED

Notes to the financial statements for the year ended March 31, 2024

- ii Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- iii Excluded the initial direct costs from the measurement of the right-of-use-asset at the date of transition.
- iv Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- v Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- vi Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

V Employee benefits

i Short-term obligations

Liabilities for wages, salaries and leave encashment including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii Post-employment obligations

The group operates the following post-employment schemes:

a Defined benefit gratuity plan:

Gratuity and Leave encashment which are defined benefits are accrued based on actuarial valuation working provided by Independent actuary. The Contribution is charged to profit and loss.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan. The defined benefit obligation is calculated annually as per the report on independent actuary. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

b Defined Contribution plan:

Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. The company has no further obligation to the plan beyond its contribution.

W Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

X Operating Cycle

[Rs. in Lakhs]

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, price risk and foreign exchange risk effecting business operation. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

The company's credit risk mainly from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The company has provisioning policy for expected credit losses.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain.

The company's exposure to credit risk for trade receivables is as follows:

Particulars	Gross Carrying amount March 31, 2024	Gross Carrying amount March 31, 2023
1 - 180 days past due*	-	-
181 - 365 days past due	-	-
More than 365 days pas due#	-	-
Total	-	-

* The Company believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour.

The Company based upon past trends determine an impairment allowance for loss on receivables outstanding for more than 180 days past

(B) Liquidity Risk

Liquidity risk represents the inability of the Company to meet its financial obligations within stipulated time. To mitigate this risk, the Company maintains sufficient liquidity by way of working capital limits from banks.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

Particulars	Less than 1 year	More than 1 year	Total
As at March 31, 2024			
Borrowings	0.00	-	0.00
Trade payables	13.07	-	13.07
Total	13.07	-	13.07
Particulars	Less than 1 year	More than 1 year	Total
As at March 31, 2023			
Borrowings	0.00	-	0.00
Trade payables	18.49	-	18.49
Total	18.49	-	18.49

(C) Foreign Currency risk disclosure

A. Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities. For the year ended 31st March 2024, no outstanding trade receivables and trade payables lying in foreign currency.

(D) Market risk

A. Price risk

Exposure

The company's exposure to equity securities/mutual fund price risk arises from investments held by the company and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage its price risk arising from investments in equity securities/mutual fund, the company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the company.

(E) Price risk

The company is exposed to price risk in basic ingredients of Company's raw material and is procuring materials from vendors directly. The Company monitors its price risk and factors the price increase in pricing of the products.

3) Description of the Plan Assets and Reimbursement Conditions
100% of the Plan Assets is entrusted to The Trustees of the Scheme under their Group Gratuity Scheme. The reimbursement is subject to insurer's Surrender Policy.
4) Investment / Interest Risk
The Company is exposed to Investment / Interest risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.
5) Longevity Risk
The Company is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.
6) Risk of Salary Increase
The Company is exposed to higher liability if the future salaries rise more than assumption of salary escalation.
7) Discount Rate
The discount rate has decreased from 7.29% to 7.09% and hence there is a decrease in liability leading to actuarial gain due to change in discount rate.

33 Transition to Ind AS 116

The company has identified that there were no leases which are in the nature of Right-to-use and hence no lease liability is recognised in the financial statements.

36 Capital Management

(i) Risk Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio and is measured by net debt divided by Equity. The Company's Debt is defined as long-term and short-term borrowings including current maturities of long term borrowings and total equity (as shown in balance sheet) includes issued capital and all other reserves.

(ii) Gearing Ratio

The gearing ratio at end of the reporting period was as follows.

Particulars	March 31, 2024	March 31, 2023
Borrowing	0.00	0.00
Less: Cash and Cash Equivalents	53.81	95.91
Net Debt	(53.81)	(95.91)
Total Equity	1,462.02	1,159.72
Total Equity and Net Debt	1,408.21	1,063.81
Gearing ratio	-	-

37 Segment Reporting

The Company is engaged primarily in the business of manufacturing and export of pharmaceuticals products, APIs and chemicals. All other activities of the company revolve around the main business and hence there is no reportable primary segment. Also the Company does not have any reportable geographical segment. Hence, disclosures pursuant to the Indian Accounting Standard 108 "Operating Segment" are not applicable.

38 Fair Value measurement-

The fair value of Financial instrument as of March 31, 2024 and March 31, 2023 were as follows-

Particulars	March 31, 2024	March 31, 2023	Fair value Hierarchy	Valuation Technique
Assets-				
Investment in Equity Instruments through OCI	829.17	532.89	Level-1	Quoted Market Price
Investment in Mutual Funds through FVTPL	278.31	408.99	Level-1	Unquoted Market Price
Total	1,107.48	941.89		

The management assessed that Cash and Cash equivalents, loans, other balances with Banks, trade receivables, trade payables and other current liabilities/assets approximate their carrying amounts largely due to the short-term maturities of these instruments.

39 The previous year figures have been regrouped/reclassified, wherever necessary to conform to the current presentation as per the schedule III of Companies Act, 2013.

3. For detailed instruction on e-voting, please refer to the notes appended to the Notice of the AGM.
4. The Scrutinizer will collate the votes downloaded from the e-voting system and votes received through post to declare the final result for each of the Resolution forming part of the Notice of the AGM.

Process and manner for Member opting to vote by using the Ballot Form

1. Please complete and sign the Ballot Form (no other form or photocopy thereof is permitted) and send it so as to reach the Scrutinizer appointed by the Board of Directors of the Company, Mrs. Ragini Chokshi, Practicing Company Secretary (Membership No.: FCS1436) at the office of Company's Registrar & Transfer Agent.
2. The Form should be signed by the Member as per the Specimen signature registered with the Company/Depositories. In case of joint holding, the Form should be completed and signed by the first named Member and in his/her absence, by the next named joint holder. A power of Attorney (POA) holder may vote on behalf of a member, mentioning the registration number of the POA registered with the Company or enclosing an attested copy of the POA. Exercise of vote by Ballots not permitted through proxy.
3. In case the shares are held by companies, trusts, societies, etc. the duly completed Ballot Form should be accompanied by a certified true copy of the relevant Board Resolution/Authorization.
4. Votes should be cast in case of each resolution, either in favor or against by putting the tick (Y) marks in the column provided in the Ballot.
5. The voting rights of shareholders shall be in proportion of the share held by them in the paid-up equity share capital of the company as on 14th August 2024 and as per the Register of Members of the Company.
6. Duly completed Ballot Form should reach the Scrutinizer not later than Wednesday, August 21, 2024 (05.00 p.m. IST). Ballot Form received after August 21, 2024, will be strictly treated as if the reply from the Members has not been received.
7. A Member may request for a duplicate Ballot Form, if so required. However, duly filled in and signed duplicate Form should reach the Scrutinizer not later than the date and time specified in serial no. 6 above.
8. Unsigned, incomplete, improperly, or incorrectly tick marked Ballot Forms will be rejected. A Form will also be rejected if it is received torn, defaced, or mutilated to an extent which makes it difficult for the Scrutinizer to identify either the Member or as to whether the votes are in favor or against or if the signature cannot be verified.
9. The decision of the Scrutinizer on the validity of the Ballot Form and any other related matter shall be final.
10. The Results on above resolutions shall be declared not later than 48 hours from the conclusion of the AGM of the Company and the resolutions will be deemed to be passed on the AGM date subject to receipt of the requisite number of votes in favor of the Resolutions.
11. The Results declared along with the Scrutinizer's Report(s) will be available on the website of the Company (www.triochemproducts.com) and on Service Provider's website (www.cdslindia.com) and communication of the same to the BSE Limited within 48 hours from the conclusion of the AGM.
